RED CROSS MAKES
REPORT; MESA BUSY
WITH MERCY WORK

MESA, July 8.—C. B. Grigsby, secretary of the Mesa branch of the Red Cross has completed his semi-annual report, and a perusal of the same shows a commendable amount of money raised and work done by the local organization. Summarizing the report, the following items are of interest for the first half of the year: Materials supplied to the sewing committee amount to \$47.65. Material furnished the surgical dressing committee, \$342. Material furnished the knitting committee, \$195.50. Material and supplies for kits, \$58.83. Completed articles made by sewing committee, 763. Completed articles made by knitting

committee, 935. Completed articles made by surgical dressing committee, 4,192. Besides there, a great quantity of the smaller articles needed were made by the Junior Red Cross out of funds supplied by the members of the junior organization. Money received during the time mentioned was \$2,283.05. Money expended for all purposes, \$1,962.50. Balance on hand, \$305.53. Outstanding bills for all purposes, \$1,100.16. This indebtedness is to be met by the monthly pledges and other sources of income, but suggests the need of the prompt payment of all pledges, and further donations wherever possible. Although the local branch has discontinued its regular sewing days at the rooms during the warm weather, the various members almost without exception have knitting and sewing materials in their homes, upon which they will work during the summer.

Auto Accidents for Mesa Folk

Friday of last week was an unlucky day for two Mesa families. Mr. Davis, living south of town was hurrying in his car to meet the train at Tempe, having his wife with him in the ma-

chine. At the turn of the road five miles west of Mesa, his car swung too far to one side and struck a telephone pole, badly damaging the machine, but fortunately for the occupants, they escaped with only a severe shaking up. Another accident even more dangerous but without serious result, occurred when the auto occupied by Mr. and Mrs. G. W. Patton of Mesa turned turtle on the Phoenix-Tempe road about three miles west of Tempe. The steering gear went wrong and the car ran over the edge of a ten-foot embankment and stopped with the wheels up in the air. Mr. and Mrs. Patton crawled out uninjured save for bruises, and exceedingly thankful that the top of the car saved them from being crushed under the weight of the machine.

National Cleaning Works Proprietor Leaves

Mr. and Mrs. Ray Ingram, have removed from Mesa to Wilcox, where they will make their home. Mr. Ingram was the proprietor of the National Cleaning works of this place and will enter the same business in his new location.

Mrs. George Brackett Ill

Mrs. George Brackett, mother of C. Fred Brackett, has been ill for several days resultant upon the receipt of a letter stating that her daughter living in Minneapolis, was very ill and not expected to live. The mother fainted under the shock, and has been in care of a nurse ever since. She gradually is improving.

Mesa Personal Mention

Mr. and Mrs. S. P. Davis will leave today for a two months' vacation trip, going first to Oklahoma, then to Missouri, next to Illinois and on their return trip staying a while in Kansas. In each of these states they have relatives whom they have not seen for some time.

Mr. and Mrs. Morton Hackney have

gone to Portland Oregon, via auto, where they expect to remain until October.

TEMPE BOYS SAFE
AT FRENCH PORT

TEMPE, July 7.—To the intense relief of the many relatives and friends of the boys, official cards announcing the safe arrival in France were received yesterday from the following: Dudley Windes, Ben Robbins, Charles Sturgeon, Carl Spangler, Roy Balmel, Henry Ackenbrandt. No card was received from Thanks Anderson, but it is presumed to have been delayed for he was to sail with these boys. It has been just four weeks since their last letters were written.

Mrs. Busby is in receipt of a card from Harry Crane, a former Pacific Creamery employe, that he is leaving Camp Fremont for an eastern camp. Elbert Thurman has been promoted to the rank of corporal and has sailed for France according to a card received by Mrs. Manley.

W. R. Bryant the popular druggist for the McNary Drug store, has been made hospital sergeant at Camp Funston.

FOR SALE—2 cows, regulation pool table, gas stove, garden hose and other utensils. O. C. Watson, 2 mi. east Tempe.—Adv.

WINDRES RESIGNS
CREAMERY PLACE;
GOING TO COAST

TEMPE, July 7.—W. N. Windres has resigned as superintendent of the Pacific Creamery company and will leave shortly for Long Beach, where he will become associated with the National Bank of Long Beach. He will be associated with J. B. Cook, who is vice president of the bank, and will have charge of the auditing department there. This makes two of Tempe's prominent men to leave for the coast this year. Both Cook and Windres have been identified with the creamery for many years, the former as president and general manager and the latter as secretary and assistant to the manager.

They have been prominent not only in business affairs but have contributed of their time and efforts to development of community interests and it was due to their efforts that the present Community club got its start. Mr. Windres is one of the most promising young business men of the southwest and his success in the coast city is an assured fact. It is a matter of sincere regret to the public generally that he has decided to leave this section of the country. Mr. Windres will be succeeded by Mr. Paddock who comes here from Chicago.

Sterkle Resigns
George Sterkle who has been employed in the Tempe National bank for the past year has resigned his position and returned to his home in

Cleveland where he will spend a short time before enlisting for service.

Negley Boy Hurt

The 12-year-old son of Pearl Negley was thrown from his horse a few days ago and received a fractured skull. At present he is in a very serious condition.

Left for Prescott

Mrs. Spurgeon Tomlinson who has been quite ill left yesterday for Prescott where she will pass the remainder of the summer.

Jepson Moves

Peter Jepson who recently purchased the O'Zanne property on Sixth street has moved his family in. Mrs. O'Zanne and son Lloyd has moved to Phoenix where the latter is employed.

Leaves for Beach

Mrs. Spein and daughter Miss Gladys left last night for the beach to pass the next two months.

Mrs. Thelma Bailey and daughter, Miss Lucille, have gone to Long Beach.

TEMPE W. S. S. ON
THE JOB ALL TIME

TEMPE, July 8.—Tempe came off so well on the war savings the work continues. Booths are still being maintained at both banks and people are urged to make their purchases that the quota may be filled as soon as possible. Today Miss Bennie Biehl will be in charge at the Tempe National and tomorrow Miss Jessie Belle Mower and Miss Lucille Nichols. The Pythian Sisters and Eastern Star and the various

churches will have regular days at the Farmers and Merchants' bank also.

Lewis Goes to Prescott

William Lewis who has been spending the past few months in Tempe to the great benefit of his health is finding the severe heat a little too strenuous and leaves this morning for Prescott where he will remain till cool weather.

George Kellogg who was manager of the Mountain Telephone company for the southside but for the past winter has been connected with chautauqua work, is back again. He was in town for a short time Friday but left on the evening train for Yuma where he is to be located.

Rev. Raley in Town

Rev. Edward Raley, state superintendent of Sunday schools, spent yesterday morning at the various Tempe churches in the interest of the orphan's home in Phoenix. His calls were also in the nature of farewells as Mr. Raley leaves soon to enter Y. M. C. A. as field secretary.

Ben Nettle Home

Ben Nettle is down from Jerome on a visit to his brother Dick Nettle of this place.

NOT DEAD YET

But still alive and kicking, making sales and loans and writing insurance. Wrote 42 policies in June and am starting out briskly in July. Have over 500 policies to look after. Some younger ones can't beat that. If so, come around and let me see you.

R. A. WINDRES, Tempe.

"YE PLANRY" HOME NO. 192

A BUNGALOW WITH A PERSONALITY

A bungalow which portrays strength and personality, one could not pass this home without being favorably impressed with its appearance. This home looks its best on a large terraced lot; backed with shrubbery and large shade trees. The large front porch, 8x40 feet is the predominating feature of the exterior, linked with the broad entrance of concrete and cobble stones. The wide dormer window breaks the monotony of the roof.

The interior is charmingly arranged, living room and dining room is virtually one large room, a handsome colonnade separates them, the ceilings are heavily beamed. A broad and massive mantel from floor to ceiling, flanked with book cases lends an air of cheer and contentment. Two features of this home makes it particularly distinctive, one, the inglenook adjoining the living room, which may be used as a music room, the other the large pergola separated from the

inglenook by French doors. Nothing adds to the comfort of a home as does plenty of doors and windows. This is one feature that is not overlooked in this home. A modern kitchen will lighten the housewife's burdens, plenty of cupboards, drain boards, cabinets, cooling closet, etc. A large screened rear porch may be utilized for a summer dining room. This home planned so that every inch of space is utilized to the comfort and convenience of every member of the family.

OKLAHOMA CITY MAYOR SAYS BUY A HOME

The following endorsement of the "Buy a Home Movement" is worthy of consideration, it aptly tells what home building will accomplish for a city. The endorsement reads:
Fellow Citizens:—
I firmly believe that "The home owner is the city builder." I am for the man who makes up his mind to own his own home—grits his teeth—goes ahead and does.

Buying a home is much like marrying. A man takes unto himself new responsibilities and at once becomes a better all-round citizen—a more valuable asset to his city. And that is the kind of man that you and I want in Oklahoma City.
Because of these facts I want to see the "Buy a Home" movement spread like wildfire over Oklahoma City. Employers should talk it to their men. Ministers should preach sermons on

it. The newspapers should help boost it. Our schools should teach it. Lodges and all civic organizations should do all in their power to help the good cause along.
No live, red-blooded Oklahoma citizen will be a "slacker" in this great movement. All together now—as before—for civic, economic and social good of the community—"Buy a Home."
ED OVERHOLSER,
Mayor.
